THE IDEAL SUMMER RESORT.

The hotel accommodations in Flagstaff are ample and of a high class and the health and pleasure seekers who visit us this summer will be taken care of in first-class style. Flagstaff is beyond doubt the most comfortable place on the globe to spend the hot summer months. Its elevation of 7000-feet gives a delightful temperature throughout the season and the green pine-covered hills, the long drives over splendid roads, its luxuriant field of natural wonders, grand sights and grander scenes combine to make the Skylight City a most wonderfully interesting point for tourists. Washington Irving has truthfully said, "Never need an American look beyond his own country for the sublime and beautiful of natural scenery."

Come to Flagstaff this summer, enjoy our hospitality, visit the Grand Canyon of the Colorado, the Cave and Cliff Dwellings, the Ice Caves, Oak Creek Canyon, Montezuma Wells, the Natural Bridge, climb San Francisco Peaks, view the extinct volcanoes, the Painted Desert and the hundreds of minor attractions in our midst, and your enthusiasm over the Skylight City, the ideal inland summer resort of the American continent, will be boundless as your increased good health therefrom.

WEYLER's attempt to find the insurgents is what is colloquially termed a wild goose chase.

THE bill establishing a branch insane asylum at Flagstaff was signed by the Governor Tuesday.

A SALOON in Tombstone that was recently badly damaged by fire advertises a bargain sale of firewater.

PRIZEFIGHTS at night time are a thing of the past. The kinetoscope, a fin de siècle adjunct of all pugilistic contests, will not work after sunset.

NOW that the Corbett-Fitzsimmons matter has been settled, the reading public will be compelled to direct their attention once more to Cuba and Congress.

CONGRESS convened Monday in extra session. Thomas B. Reed of Maine was re-elected Speaker. Nothing of importance was done at the first day's session.

THE Rev. Agathodoros Papageorgopoulos was the principal speaker at a patriotic gathering of Greeks in New York Sunday. If his speech was half as long as his name, it must have resembled a campaign oration.

NOW is the time to buy coffee. It is quoted at 11 1/2 cents a pound in New York. This is due to the fight between the Arabuckles and the sugar trust—the American Sugar Refining Company—who object to the former engaging in the sugar refining business.

A NEW YORK chappie boy will soon have a "coming out tea." The affair will be given under the auspices of his elder brother. The hearts of all the dukes of the 400 are a-flutter over the receipt of exquisite cards of invitation to the event. One real American boy could exhortate on his hands and "lick" the whole tea.

GREECE is still occupying the Isle of Crete. The threat of the powers to annihilate the little nation until there will not be a grease spot left was evidently first used by the ancients and has no terrors for Greece. Familiarity with such puns breeds contempt.

EX-UNITED STATES SENATOR INGALLS can no longer call himself a statesman out of a job. He has been hired by the New York Journal and San Francisco Examiner as special prizefighter reporter. The last work he done in this new field was writing up Grover Cleveland. He is now at Carson.

THE Legislature adjourns to-night. It goes out of existence without having created a notorious record for reform measures. There are several things that it has accomplished which will go a great way toward repaying the taxpayers for the expensive luxury of a Legislature. The livestock measure is a good and valuable one; so is that taxing migrating sheep in the counties in which the owner resides. The bill establishing a branch insane asylum at Flagstaff is a wise measure, and provides for putting to public use a building that for its original purposes there would have been no need for the next decade. The exemption from taxation for a period of fifteen years of all railroads constructed in the Territory within six months after passage of the bill is of great importance. This exemption from taxation is a great boon to new railroads, especially those built through the undeveloped country in northern Arizona. A railroad from Flagstaff to the Grand Canyon is now said to be assured, besides the construction of lines in the southern part of the Territory. This is about the extent of the work accomplished. There is no reason, however, why a bill to reduce the excessive express charges of the Wells Fargo monopoly should not have been passed; nor why the penitentiary should not have been removed from Yuma to Prescott or some interior point. In the Council the action of D. H. Ming of Graham county on this bill is rather hard to explain. His sudden change of front is suspicious to say the least. Concomitantly county representatives, Hons. A. A. Dutton and H. F. Ashurst, worked hard and faithfully for the interests of their constituents and the taxpayers in general and praise for their honest and conscientious labors are due them. On the whole, the Nineteenth Legislature was not a very bad investment for the taxpayers—not so bad as some others.

Returning Good for Evil.
Hon. H. F. Ashurst it seems has not so far departed from early training as the Tempe News would have people believe, as yesterday afternoon he very successfully returned good financial benefit which cannot be questioned to the little sheet to which several members referred as a postage stamp. When the committee on appropriations reported \$36 to each of the weekly papers that supplied the Legislature and \$72 to the dailies, the Tempe News and Tucson Star were made exceptions and classed at the weekly rate of \$36. Mr. Ashurst was very unjustly censured some days ago by the News because he voted against the Butte county bill. This did not deter the young man from duty and at the first opportunity he was on his feet with a motion to give the News as much as the other dailies. His motion prevailed—Gazette.

WILLIAMS.

A Batch of Breezy Items From the Railroad City.

(Correspondence of THE SUN-DEMOCRAT.)
J. C. Brown left for Los Angeles Sunday night.

E. M. Gray went to Kingman Thursday on official business.

E. S. Clark was in Williams Saturday on business in the justice court.

The J. M. Dennis Lumber Company's mill at Rhodes resumed work Tuesday.

Mrs. M. H. Graham leaves for Prescott Wednesday on a visit of a month or six weeks.

Martin Buggin returned from Phoenix Monday, where he has been for several days.

Billy Marks of Kingman has been visiting his many friends in Williams the past week.

Mrs. R. M. Francis left Friday evening to visit her relatives at Chillicothe, Mo.

Bob Graham returned from the mines Monday morning. Bob reports the mines flourishing.

Frank Burt, Deputy Sheriff of Yavapai county, with headquarters at Ash Fork, was in Williams Tuesday.

Tom Sloan, manager of the Postal Telegraph Company at Ash Fork, paid a visit to Williams Saturday evening.

G. W. Martin, the butcher, has built an addition to his market, where he will grind out sausage in quantities to suit the trade.

Keikato Bob is working for Irvine and Forney teaming, making tri-weekly trips to the mines—that is, makes one trip and tries to make another.

Work on the Saginaw Lumber Company's new mill is being pushed rapidly. Soon the puff of the engine and the buzz of the saw will be heard in Williams as of old.

W. Goldstein was arrested at Ash Fork Friday and brought to Williams by Constable Gray on a charge of burglary. Mr. Goldstein had his examination before Judge Hunter, was found not guilty and set at liberty.

Saturday evening about 9 o'clock M. Altman was arrested on a charge of theft, complaint having been sworn out by W. H. McDonald. The charge of theft was the result of some trouble Mr. Altman had a few days ago with one W. Goldstein, and Goldstein was arrested for burglary on a complaint made by Mr. Altman. Among the goods in Goldstein's possession was a diamond ring, which he claims to have received from Mr. Altman. It was for the theft of the diamond ring that Mr. Altman was placed in custody. Altman had an examination Tuesday evening before Judge Hunter, Attorney J. E. Jones, J. W. Ross and C. P. Silvernail appearing for the defendant and E. S. Clark, District Attorney from Flagstaff, for the Territory. Several witnesses were examined, the diamond ring which Mr. Goldstein had in his possession at time of arrest being produced in court and scrutinized. McDonald stated the ring in evidence was not the one stolen from him. The case was dismissed and Mr. Altman set free.

BORN—To the wife of W. H. Campbell, at 1 o'clock this morning, a girl.

Sales Talk

With Hood's Sarsaparilla, "Sales Talk," and show that this medicine has enjoyed public confidence and patronage to a greater extent than accorded any other proprietary medicine. This is simply because it possesses greater merit and produces greater cures than any other. It is not what we say, but what Hood's Sarsaparilla does, that tells the story. All advertisements of Hood's Sarsaparilla, like Hood's Sarsaparilla itself, are honest. We have never deceived the public, and this with its superlative medicinal merit, is why the people have abiding confidence in it, and buy

After the big fire at Cripple Creek, I took a very severe cold and tried many remedies without help. The cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B.
